EXHIBIT C

SERVICE LEVEL AGREEMENT

The SaaS Services will achieve System Availability (as defined below) of at least 99.9% during each calendar month of the Subscription Term. “**System Availability**” means the number of minutes in a month that the key components of the SaaS Services in a Customer production environment are operational as a percentage of the total number of minutes in such month, excluding downtime resulting from (a) scheduled maintenance, (b) events of Force Majeure as defined in the SaaS Agreement), (c) malicious attacks on the system, (d) issues associated with the Customer’s computing devices, local area networks or internet service provider connections, or (e) inability to deliver services because of acts or omissions of Customer or any Identity Cube user. SailPoint reserves the right to take the Service offline for scheduled maintenance for which Customer has been provided reasonable notice and SailPoint reserves the right to change its maintenance window upon prior notice to Customer.

If SailPoint fails to meet System Availability in an individual month, upon written request by Customer within 30 days after the end of the month, SailPoint will issue a credit in Customer’s next invoice in an amount equal to ten percent (10%) of the monthly fee for the affected SaaS Services for each 1% loss of System Availability below stated SLA per SaaS Service, up to a maximum of fifty percent (50%) of the Customer’s monthly fee for the affected SaaS Services. At Customer’s election SailPoint shall provide a credit to Customer to be used for additional Identity Cubes or term extension or future SaaS Services renewals. In the event SailPoint fails to meet its obligations under the terms of this Service Level Agreement for three (3) consecutive months during any twelve (12) month period or five (5) months during a calendar year period, Customer shall have the option, in its sole discretion, to terminate this Agreement without penalty or further cost and SailPoint shall immediately repay to Customer all pre-paid amounts for any SaaS Services scheduled to be delivered after SailPoint’s receipt of Customer’s termination notice. The remedy stated in this paragraph is Customer’s sole and exclusive remedy for interruption of SaaS Services and SailPoint’s failure to meet System Availability.
